## HMRC are on the hunt

### Let Dunkley's protect you!

Tax Investigations are time-consuming, stressful and costly.

As your accountant, we want to protect you. That's why we offer a Tax Investigation Service. Our service protects you against the cost of professional fees associated with a tax investigation, as well as keeping time and stress factors to a minimum, so you survive the HMRC hunt.

#### CLOSING THE GAP

£35 billion is the estimated tax gap between what HMRC should collect and what it does collect.

Small businesses and individuals account for over half of this tax gap, around £17.9 billion.

To help ensure tax compliance and close this gap, HMRC undertake Tax and VAT Investigations.

#### Why?

- To reduce the deficit
- To make sense of the gap
- To penalise those who've contributed

#### How?

HMRC identify and target areas where they believe tax is at risk. They use sophisticated software to cross match a wide range of data sources, and any anomalies can lead to an investigation.

HMRC then follow them up with an

enquiry, but ultimately any HMRC return can be selected for an investigation.

#### TYPES OF HMRC ENQUIRY

- Enquiries that stem from the use of sophisticated software
- Enquiries that result from HMRC actively encouraging members of the public to report taxpayers via their hotline
- Random enquiries that HMRC carry out, as ultimately any HMRC return can be selected for an investigation

#### Unfair On The Taxpayer...

Quite often, such an enquiry is unfair on the taxpayer, as they have no additional tax to pay, yet still have to contend with the stress and uncertainty of an HMRC visit or investigation, as well as having to undergo the disruption that such an enquiry may cause.

And if this wasn't enough, the taxpayer is strongly advised to engage expert professional representation to ensure a robust response is provided and the issue comes to an early resolution. This of course comes at a cost.

#### OUR TAX INVESTIGATION SERVICE CAN HELP!

Should you be one of the unlucky ones chosen by HMRC, we offer a Tax Investigation Service.

The service gives you professional representation and is backed by an insurance policy that provides up to £100,000 of professional fees.

#### THE AIM OF OUR SERVICE IS TO:

- Give you complete peace of mind
- Minimise the stress and disruption of an HMRC investigation
- Save you money

What's more, you will be able to respond to HMRC allowing you the best chance to bring the matter to an early conclusion and mitigate any additional tax that may be due.

And for those of you in business and with employees, it gets even better. You can gain access to a dedicated team of HR consultants who can assist you in growing your business by providing proactive commercial advice regarding the managing and well-being of your staff.
